INDEPENDENT AUDITOR'S REPORT

FAX 815-744-3822

To the Board of Trustees Joliet Township Joliet, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Joliet Township, Illinois (the Township) as of and for the year ended March 31, 2025, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Township, as of March 31, 2025, and the respective changes in financial position and for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Township, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and combining and individual nonmajor fund financial statements but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Gassensmith & Michalesko, Ltd. Certified Public Accountants

Joliet, Illinois November 20, 2025

Management's Discussion and Analysis For The Year Ended March 31, 2025 (Unaudited)

Introduction

As management of the Joliet Township (hereafter referred to as the Township), we offer the readers of the Township's basic financial statements this narrative overview and analysis of the financial activities of the Township for the fiscal year ended March 31, 2025. Please read in conjunction with the Township's basic financial statements and notes to the financial statements for a better understanding of the Township's financial performance.

Financial Highlights:

- The Township's total expenditures exceeded revenues, on modified accrual basis of accounting, by \$2,965,263 for the year.
- The Township General Town Fund expenditures exceeded revenues by \$909,289.
- The Township General Assistance Fund's expenditures exceeded revenues by \$228,705.
- The Township Road and Bridge Fund's expenditures exceeded revenues by \$1,128,751.
- The Township Capital Fund's expenditures exceeded revenues by \$709,215.
- The Township General Town Fund ended the year with a fund balance of \$1,393,559, and overall the Township ended the year with a fund balance of \$4,701,381.

Using This Annual Report

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 9 and 10) provide information about the activities of the Township as a whole and present a longer-term view of the Township's finances. Fund financial statements start on page 11. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Township's operations in more detail than the government-wide statements by providing information about the Township's significant funds.

Reporting the Township As A Whole

The analysis of the Township as a whole begins on page 4. The Statement of Net Position and the Statement of Activities report information about the Township as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the Township's net position and changes in them.

Management's Discussion and Analysis For The Year Ended March 31, 2025 (Unaudited)

Reporting the Township As A Whole (continued)

You can think of the Township's net position - the difference between assets and liabilities - as one way to measure the Township's financial health, or financial position. Over time, increases or decreases in the Township's net assets are an indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the Township's property tax base, the quality of the programs provided and the condition of the Township's roads, to assess the overall health of the Township.

In the Statement of Net Position and the Statement of Activities, the Township reports governmental activities – all of the Township's basic services are reported here, including the assessor's office, general assistance, road department, senior services, animal control and general administration. Property taxes, personal property replacement tax and grants finance most of these activities.

	March 31, 2025	March 31, 2024
Current Assets	\$ 8,747,632	\$ 11,477,595
Noncurrent Assets	6,190,997	5,667,158
Total assets	14,938,629	17,144,753
Deferred Outflows of Resources	1,054,530	1,604,298

Unrestricted	5,038,767	7,229,753
Total net position	\$ 11,033,439	\$ 13,675,771

Management's Discussion and Analysis For The Year Ended March 31, 2025 (Unaudited)

Reporting the Township As A Whole (continued)

As seen in Table 1, Net Position of the Township decreased by approximately \$2.6 million (\$11,033,439 compared to \$13,675,770). Unrestricted Net Position—the part of net position that can be used to finance day-to-day operations without any constraints—decreased to \$5,038,767 from \$7,229,753.

Restricted net position of \$514,699 relate to amounts held in the Road and Bridge Fund for road and bridge projects, \$351,617 is for General Assistance Fund, and \$119,290 for Senior Citizens Fund.

Significant Balances

Current assets are comprised mainly of cash and investment, and taxes receivable. Cash and investments are major account balances and will continue to be since no major revenue is expected to be received until the collection of real estate taxes in June of each year. Another major asset is property taxes receivable of \$3,983,956, which is offset by a deferred inflow of resources of the same amount. Noncurrent assets represent capital assets which are discussed later.

As can be seen in Table 2, revenues were \$7,280,403 in 2025, 54% of which were related to property tax revenues. Expenses were \$9,922,734 in 2025, with road maintenance and general government making up most of the total. The Township's net position decreased from a year ago by \$2.6 million.

Reporting The Township's Significant Funds

The fund financial statements begin on page 11 and provide detailed information about the funds, not the Township as a whole. Four of the Township's funds are considered to be major funds. The funds are established by State law and by a vote of the Township constituents.

Governmental funds - All of the Township's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other financial assets that can readily be converted to cash.

Management's Discussion and Analysis For The Year Ended March 31, 2025 (Unaudited)

Reporting The Township's Significant Funds (continued)

The governmental fund statements provide a detailed short-term view of the Township's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Township's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation after each of the fund financial statements.

The Township maintained positive year end fund balances in each of its funds. The Township reported an end of the year fund balance of \$4.7 million which is adequate to cover over five months of Township expenditures, which is significantly less than the prior fiscal year. Property taxes continued to be the Township's main source of revenue. The Township recorded approximately \$4.0 million of property tax revenue in 2025.

The General Assistance Fund expenditures exceeded revenues by \$229 thousand and the Road and Bridge Fund expenditures exceeded revenues in the amount of \$1.1 million during the year. The Capital Fund expenditures exceeded revenues by \$709 thousand. All of these funds ended the year with a positive fund balance.

Budgetary Highlights

The budget is prepared on the modified accrual basis of accounting. During the year the Township managed to remain within budget on all funds.

The Township adopted transfers of appropriations within individual funds in 2025 to cover expenditure line items that were going to exceed the original budgeted amount. Detailed budget to actual schedules appear on pages 34 through 44 and page 49.

Capital Assets

At March 31, 2025, the Township had invested \$5,009,066 in capital assets as indicated in Table 3.

The Township's investment in capital assets as of March 31, 2025 is summarized in Table 3, refer to Note 3 for more information.

Management's Discussion and Analysis For The Year Ended March 31, 2025 (Unaudited)

Long-Term Debt

The Township's long-term debt at year end consisted of compensated absences payable to employees of \$106,303. The amount will be expended from the various salary line items from the individual funds of the Township. More detailed information about the Township's long-term debt is presented in note 6 to the financial statements.

Economic Factors And Next Year's Budget And Rates

The Township's elected officials considered many factors when setting the March 31, 2025, fiscal year budget and its effect on tax rates. One of these factors is the economy. The Township's assessed valuation increased \$206 million from tax year 2024 to 2025, which is continuing the trend from prior year. The Township's tax revenue is expected to increase approximately \$106 thousand for fiscal year 2025 due to increased tax rates.

Contacting the Township's Management

This financial report is designed to provide the citizens, taxpayers, investors and creditors with a general overview of the Township's finances and to show the Township's accountability for the money it receives.

If you have any questions about this report or need additional financial information, contact the Township Supervisor at the Township office, 175 W. Jefferson St, Joliet, IL 60432-4107.

Notes To Basic Financial Statements March 31, 2025

Note 1: Summary of Significant Accounting Policies

Joliet Township, Illinois (the Township) is an Illinois unit of local government which was incorporated on November 6, 1849, under the provisions of the State of Illinois. The Township maintains a general assistance fund which assists eligible residents within the Township's boundaries by subsidizing costs for shelter, food and medical supplies. Assessing property values within the Township and contributing to various community programs are additional activities of the Township. The Township operates a road and bridge fund which maintains the roads and bridges within the Township that are not under the jurisdiction of another governmental unit. Joliet Township also provides an animal control center for the public safety of animals as well as ensuring the humane care and treatment of those animals handled by the center. The Senior Citizens funds maintained by the Township provide funding for senior programs in the Township.

The accounting policies and the presentation of the basic financial statements of the Township have been prepared in conformity with accounting principles generally accepted in the United States of America ("USGAAP"). USGAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note.

A. Reporting Entity

As defined by accounting principles generally accepted in the United States of America established by GASB, the financial reporting entity consists of the primary government, as well as its component units, which are legally separate organizations for which the elected officials of the primary government are financially accountable. Financial accountability is defined as:

- 1. Appointment of a voting majority of the component unit's board, and either (a) the ability to impose will by the primary government, or (b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- 2. Fiscal dependency on the primary government.

The accompanying financial statements present Joliet Township (the primary government) and its component unit. The financial data of the component unit is included in the Township's reporting entity because of its significance of its operational relationship with the Township.

Notes To Basic Financial Statements March 31, 2025

Note 1: Summary of Significant Accounting Policies (continued)

A. Reporting Entity (continued)

Blended Component Unit

The "Road Township" of the Township is an Illinois local government, as such, it is a separate legal entity with its own management and budget authority. The members of the Township Board are elected by the citizens of the Township, to the Road and Bridge Board of Trustees at the same time they are elected to the Township Board; as a result, the operations of the Road Township (Road And Bridge Fund) as of and for the fiscal year ended March 31, 2025, are blended in the Township's basic financial statements as a special revenue fund. There are no other component units that are required to be included with these financial statements.

B. Basis of Presentation - Fund Accounting

The Township's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the Township as a whole. In the government-wide statement of net assets, the governmental activities column is presented on a consolidated basis. Governmental activities normally are supported by taxes and intergovernmental revenues. The government-wide statement of activities reflects both the direct expenses and net cost of each function of the Township's governmental activities. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include charges paid by the recipient for the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the Township. The comparison of direct expenses with program revenues identifies the extent to which each government function is self-financing or draws from the general revenues of the Township.

The Township has reported two categories of program revenues in the statement of activities (1) charges for services and (2) program-specific operating grants and contributions. Program revenues are derived directly from the program itself or from external sources, such as the State of

Notes To Basic Financial Statements March 31, 2025

Note 1: Summary of Significant Accounting Policies (continued)

B. Basis of Presentation - Fund Accounting (continued)

Illinois; they reduce the net cost of each function to be financed from the Township's general revenues. For identifying the function to which a program revenue pertains, the determining factor for charges for services is which function generates the revenue. For grants and contributions, the determining factor is the function to which the revenues are restricted.

The Township maintains a policy for the elimination of the effect on assets and liabilities in the statement of net assets within the governmental activities column for amounts reported in the individual funds as interfund receivables and payables, if any. Similarly, any transfers between funds have been eliminated in the statement of activities.

Fund Financial Statements

The financial transactions of the Township are recorded in individual funds. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. Nonmajor funds are aggregated in a single column.

Differences occur from the manner in which the governmental activities and the government-wide financial statements are prepared due mainly to the inclusion of capital asset and long-term debt activity. Fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

C. Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net assets and the operating statements present increases (revenues) and decreases (expenses) in total net assets. Under the accrual basis of accounting, revenues are recognized when earned, if measurable, and expenses are recognized as incurred, regardless of the timing of related cash flows.

Notes To Basic Financial Statements March 31, 2025

Note 1: Summary of Significant Accounting Policies (continued)

C. Basis of Accounting (continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. The Township accounts for its financial position and results of operations in accordance with the cash basis of accounting applicable to governmental units, which is converted to the modified accrual basis for statement presentation. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose the Township considers all revenues to be available if they are collected within sixty days of the end of the current fiscal period.

Nonexchange transactions, in which the Township receives value without directly giving equal value in return, include taxes, grants, and donations. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Tax levy year 2024 and prior year property taxes are considered available to the extent that they have been collected by Will County and have been distributed to the Township within sixty days of year-end. Revenue from other taxes is recognized when collected by the state, within thirty days of year-end. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements in which the Township must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Township on a reimbursement basis. Revenue from nonexchange transactions must also be available before it can be recognized. Revenues considered to be susceptible to accrual include property taxes and replacement taxes.

Fines and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received.

Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for debt service, prepaid expenses and other long-term obligations, which are recognized when paid.

D. Fund Presentation

Governmental Funds - are those through which most governmental functions of the Township are financed. The Township's expendable financial resources are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The Township reports the following major governmental funds:

Notes To Basic Financial Statements March 31, 2025

Note 1: Summary of Significant Accounting Policies (continued)

D. Fund Presentation (continued)

- The General Fund the Town Fund is the general operating fund of the Township and accounts for all financial resources except those required to be accounted for in another fund. The Animal Control function, previously reported as special revenue fund, is reported within the General Fund in the current fiscal year.
- The General Assistance Fund a special revenue fund, used to account for the expenditures for relief provided within the Township and related administration.
- The Road and Bridge Fund (a blended component unit) presented as a special revenue fund to account for various road and bridge maintenance, construction and repair projects.
- The Capital Fund account for financial resources to be used for the acquisition or construction of major capital facilities.

E. Fund Equity/Net Position

Fund Balance:

In the fund financial statements, governmental funds now report five components of fund balance: nonspendable, restricted, committed, assigned, and unassigned.

- a. Nonspendable includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The nonspendable in form criteria includes items that are not expected to be converted to cash such as prepaid items or inventories.
- b. Restricted refers to amounts that are subject to outside restrictions such as creditors, grantors, contributors, laws and regulations of other governments, or are imposed by law through enabling legislation. Special revenue funds are by definition restricted for those specified purposes.
- c. Committed refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Township's highest level of decision-making authority (the Board of Trustees). The Board commits fund balances by passing a resolution. Amounts committed cannot be used for any purpose unless the Township removes or changes the specific use by taking the same type of formal action it employed to previously commit those funds. The Township has \$2,322,216 of Capital Projects fund committed as of March 31, 2025.
- d. Assigned refers to amounts that are constrained by the Township's intent to be used for a specific purpose, but are either restricted or committed. Intent may be expressed by the Board of Trustees, or the individual the Board of Trustees delegates the authority, to assign amounts to be used for specific purposes. The Township did not have any assigned resources as of March 31, 2025.

Notes To Basic Financial Statements March 31, 2025

Note 1: Summary of Significant Accounting Policies (continued)

E. Fund Equity/Net Position (continued)

Fund Balance (continued)

e. Unassigned – refers to all spendable amounts not contained in the other four classifications described above. In funds other than General Town Fund, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts have been restricted, committed or assigned.

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally they act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

Net Position:

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets net of accumulated depreciation. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Township or through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

F. Investments

The Township is allowed to invest in (1) savings accounts, money market accounts and certificates of deposits; (2) commercial paper issued by a U.S. corporation with more than \$500 million in assets and with a rating within the three highest classifications by at least two standard rating services and must mature not later than 180 days from the purchase date; (3) State Treasurer's Investment Pool (Illinois Funds); (4) money market mutual funds that are registered under the Investment Company Act of 1940; (5) repurchase agreements; (6) credit unions or (7) obligations of the United States or its agencies and instrumentalities.

The Township's investment policy requires all deposits be in insured accounts by an agency of the Federal Government or otherwise collateralized. Township investments not insured by an agency of the Federal Government must be collateralized at 105% of the deposit amount.

For fiscal year 2025, the Township invested in checking accounts, money market accounts, and a state treasurer's investment pool which were carried at cost. The Township records all interest revenue related to investment activities in the respective funds.

Notes To Basic Financial Statements March 31, 2025

Note 1: Summary of Significant Accounting Policies (continued)

G. Compensated Absences

Earned vacation time is generally required to be used within one year of accrual. Upon termination any earned but unused vacation shall be liquidated in a cash payment to the terminating employee. Sick leave is not paid upon termination.

H. Capital Assets

Capital assets used in governmental fund operations (general capital assets) are not capitalized in the funds used to acquire or construct them. Instead, capital acquisition and construction are reflected as expenditures in governmental funds, and the related assets are reported in the statement of net assets.

The Township defines capital assets, as assets with an initial individual cost of \$1,000 (\$25,000 for infrastructure) or more and an estimated useful life in excess of one year. All purchased capital assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated capital assets are valued at their estimated fair value on the date received.

The Township's policy provides for depreciation using the straight-line method over the estimated useful lives of the assets as follows:

Buildings	50 years
Equipment	12 years
Transportation Equipment	5 - 7 years
Infrastructure	40 years
Land Improvements	20 years

I. Deferred Inflows/ Deferred Outflow of Resources

In addition to assets, the statement of net position and the governmental funds balance sheet may report deferred outflows of resources. Deferred Outflows of resources represent a consumption of net position/fund balance that applies to a future period. At March 31, 2025, the Township has deferred outflows related to pension liabilities. In addition to liabilities, the Township may report deferred inflows of resources. Deferred inflows of resources represent the acquisition of resources that is applicable to a future reporting period. At March 31, 2025, the Township reported deferred inflows of resources related to property taxes levied for a future period and amounts related to pension liabilities.

Notes To Basic Financial Statements March 31, 2025

Note 1: Summary of Significant Accounting Policies (continued)

J. Property Taxes

The Township budget anticipated that the 2023 property tax levy will be used to finance expenditures for the fiscal year ended March 31, 2025. The 2024 levy has been recognized as a receivable as of March 31, 2025 but recognition of revenue has been deferred to the fiscal year ended March 31, 2026 because the revenue is not considered available to finance expenditures for the fiscal year ended March 31, 2025.

Net property taxes receivable reflect the estimated collectible portion of the 2024 and 2023 levies uncollected as of March 31, 2025. An allowance of 2.0% of the taxes for the General Assistance, General Town, Senior Citizen Services and Road Bridge Levies extended for the fiscal year ended March 31, 2025 has been provided for anticipated tax collection losses.

Property taxes are levied before the last Tuesday in December and attach as an enforceable lien on property on January 1 and are payable in two installments on June 1 and September 1 subsequent to the year of levy.

All of the Township's governmental funds account for property taxes as described above.

K. Restricted Resources Policy

For the government-wide financial statements, net position is reported as restricted when constraints placed on net position is either: (1) externally imposed by creditors, grantors, contributors or laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation.

When both restricted and unrestricted resources are available, it is the Township's policy to apply restricted resources first, then unrestricted resources as they are needed.

L. Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate the unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results could differ from those estimates.

Notes To Basic Financial Statements March 31, 2025

Note 1: Summary of Significant Accounting Policies (continued)

M. Prepaid Items

Payments made to vendors for services that will benefit periods beyond the balance sheet date are recorded as prepaid assets. The cost of the related payment is recorded as an expenditure over the time the related services are provided.

Note 2: Deposits and Investments

The Township maintained all of its cash and investments at March 31, 2025 in checking accounts, money market accounts, and a state treasurer's investment pool, which were carried at cost.

All cash and investments of the Township are combined as deposits for note disclosure purposes. At March 31, 2025, the carrying amount of the Township's deposits was \$4,407,431 and the bank balance was \$4,595,952.

Custodial Credit Risk -this is the risk that in the event of a bank failure, the Township's deposits may not be returned to it. As of March 31, 2025, bank balances were insured by the Federal Deposit Insurance Corporation (FDIC) for \$250,000, a portion of balances exceeding \$250,000 were uncollateralized.

Reconciliation of notes to financial statements:

Cash - Carrying Amount of Township Deposits Per Note Above	\$4,407,431
Cash and Cash Equivalents Per Statement of Net Position Investments Per Statement of Net Position	\$4,319,390 <u>88,041</u>
Total	<u>\$ 4,407,431</u>

Notes To Basic Financial Statements March 31, 2025

Note 3: General Capital Assets

A summary of changes in general capital assets is presented below:

	Balance				В	alance	
	3/31/2024		Additions		Deletions	3/31/2025

Capital Assets, Net	\$	4,300,310	\$	760,154	\$ (20,462)	\$ 5	,009,066

Depreciation expense for the year was \$316,505.

Notes To Basic Financial Statements March 31, 2025

Note 4: Motor Fuel Tax Allocations

The Township is entitled to a portion of the State's collections for Motor Fuel Tax. These funds, however, are not received directly by the Township, they are remitted to the County of Will who administers the funds. The funds can only be used for approved projects. The approval comes from two outside independent governmental units, one of which is the County of Will. Once there is an approved project, the County of Will supervises it and administers the payments directly to the vendors. The amounts relating to the Motor Fuel Tax generally have not been included in the Township's financial statements due to the fact that they have no access to the funds and that other agencies must approve and administer the projects.

Note 5: Tax Rates

The following are the tax rates applicable to the various levies per \$100 of assessed valuation:

	Maximum	Actual 2024	Actual 2023
	Rate	Rate	Rate
Town	0.2500	0.1453	0.1562
General Assistance	0.1000	0.0054	0.0061
Senior Service	0.1500	0.0054	0.0073
Road and Bridge	0.6600	0.1076	0.1205
PA 102 0519 ADJ	None	0.0010	0.0013
Total		0.2647	<u>0.2914</u>

Note 6: General Long-Term Debt

The following is a summary of changes in long-term debt for the year ended March 31, 2025:

	3/31/2024	Additions	Deletions	3/31/2025
Compensated Absences	85,145	106,303	(85,145)	106,303

Notes To Basic Financial Statements March 31, 2025

Note 7: Retirement Fund Commitments

Plan Description

The Township's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The Township's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Notes To Basic Financial Statements March 31, 2025

Note 7: Retirement Fund Commitments (continued)

Benefits Provided (continued)

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

At March 31, 2025, the following employees were covered by the benefit terms:

Number of	
Retirees and Beneficiaries	49
Inactive, Non-Retired Members	38
Active Members	61
Total	148
Covered Valuation Payroll	3,469,899

Contributions

As set by statute, the Township's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Township's annual contribution rate for calendar year 2025 was 0.86%. For the fiscal year ended March 31, 2025, the Township contributed \$29,841 to the plan. The Township also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Notes To Basic Financial Statements March 31, 2025

Note 7: Retirement Fund Commitments: (continued)

Net Pension Liability

The Township's net pension liability was measured as of December 31, 2024. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2024:

- The Actuarial Cost Method used was Entry Age Normal.
- The **Asset Valuation Method** was Market Value of Assets.
- The **Inflation Rate** was assumed to be 2.25%.
- Salary Increases were expected to be 2.85% to 13.75%, including inflation.
- The **Investment Rate of Return** was assumed to be 7.25%.
- Projected Retirement Age was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2023 valuation according to an experience study from years 2020 to 2022.
- The IMRF-specific rates for **Mortality** (for non-disabled retirees) were developed from the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108%) and Female (adjusted 106.4%) tables, and future mortality improvements projected using scale MP-2021.
- For **Disabled Retirees**, the IMRF-specific mortality table was developed from the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021.

Notes To Basic Financial Statements March 31, 2025

Note 7: Retirement Fund Commitments: (continued)

Actuarial Assumptions (continued)

- For Active Members, the IMRF-specific mortality table was developed from the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021.
- The **long-term expected rate of return** on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term
	Portfolio	Expected
	Target	Real Rate
Asset Class	Percentage	of Return
Domestic Equity	33.5%	19.02%
International Equity	18%	6.35%
Fixed Income	24.5%	3.14%
Real Estate	10.5%	2.25%
Alternative Investments	12.5%	6.25-10%
Cash Equivalents	<u>1%</u>	5.57%
Total	100%	

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

Notes To Basic Financial Statements March 31, 2025

Note 7: Retirement Fund Commitments: (continued)

Single Discount Rate (continued)

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 4.08%, and the resulting single discount rate is 7.25%.

Note 7: Retirement Fund Commitments: (continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

		Current	
	1% Decrease	Discount Rate	1% Increase
	(6.25%)	(7.25%)	(8.25%)
Net Pension Liability/(Asset)	(88,204)	(1,170,029)	(2,016,832)

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended March 31, 2025, the Township incurred pension expense of \$584,027. At March 31, 2025, the Township reported deferred outflows or resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	Deferred
	Outflows of	Inflows of
	Resources	Resources
Differences between expected and actual experience	48,139	60,000
Changes of assumptions	-	6,882
Net difference between projected and actual earnings on		
pension plan investments	1,006,391	741,816
Total deferred amounts to be recognized in pension		
expense in the future periods	1,054,530	808,698
Pension contribution made subsequent to the		
measurement date	_	_
Total deferred amounts related to pensions	1,054,530	808,698

Notes To Basic Financial Statements March 31, 2025

Note 7: Retirement Fund Commitments: (continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Year ended December 31:

2025	\$ 129,955
2026	333,188
2027	(152,207)
2028	(65,104)
2029	-

Note 8: Risk Management

The Township is exposed to various risks of loss including but not limited to general liability, property casualty, worker's compensation and public officials liability. To limit exposure to these risks the Township has purchased insurance through the Township Officials of Illinois Risk Management Association. The Township is liable for various deductibles ranging from \$50 to \$60,000 depending on which coverage the liability occurs. There were no significant reductions in insurance coverage from the previous year. Settlements during the past three fiscal years did not exceed the insurance coverage.

Note 9: Deferred Compensation Plan

The Township offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Township employees, permits them to defer a portion of their salaries until future years. The Township does not make any contributions to the plan. The deferred compensation is not available to employees until termination, retirement or enforceable emergency. Deferred compensation is available to employees' beneficiaries in case of death.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts and all income attributable to those amounts, property or rights are (until paid or made available to the employee or other beneficiary) solely the property and rights of the participants and their beneficiaries. All assets of the Plan are held by an independent administrator.

Notes To Basic Financial Statements March 31, 2025

Note 10: Commitments and Contingencies

Litigation

From time to time, the Township is involved in legal and administrative proceedings with respect to employment, civil rights, property tax protests and other matters. Currently, there is pending internal litigation between the Township and the Road District and between the Road District and an elected official. Although the Township is unable to predict the outcome of these matters, the Township believes that the final outcome of any actions will not have a material adverse effect on the results of operations or the financial position of the Township.

Federal Grant Programs

The Township currently participates in and in prior fiscal years has participated in various federal grant programs, principally FEMA and Community Development Block Grants. Federal grant programs are subject to program compliance audits by the grantor agencies.

In a prior fiscal year, the Township entered into a grant agreement with the Illinois Department of Human Services in relation to the Reimagine Public Safety Act Violence Prevention Services. The Township also has an agreement with the Will-Grundy Medical Clinic to assist persons living in Joliet Township. The agreement offers support up to \$12,000 monthly up to twelve months. During the fiscal year ended March 31, 2025, the Township paid \$100,000 to the Clinic.

Note 11: Individual Fund Disclosures

As of March 31, 2025, individual fund expenditures exceeded appropriations by \$104,222 in the Road & Bridge Fund.

JOLIET TOWNSHIP Notes to the Required Supplementary Information March 31, 2025

Legal Compliance and Accountability - Budgets

The Township follows these procedures in establishing the budgetary data reflected in the combined financial statements:

- 1. The Supervisor and Accountant will submit a proposed budget for the fiscal year commencing April 1, to the Board at a regular or special meeting that will be held prior to June 1. The budget includes proposed expenditures and the means of financing them.
- 2. A public meeting is held to permit a review of the budget.
- 3. The budget is available for public inspection for at least 30 days prior to passage by the Board.
- 4. The budget is legally enacted through passage of an appropriation ordinance.
- 5. Formal budgetary integration is employed as a management control device during the year for the General and Special Revenue Funds through an internal reporting basis. Unexpended appropriations lapse at March 31 each year.
- 6. Estimated revenues included in the combined financial statements are based on estimated cash collections for the period.

The budget and the accounting records are maintained on the modified accrual basis of accounting as provided by GAAP.

Line item budget transfers cannot exceed 10% of each individual budget. Budgetary expenditure changes increasing the total budget can only be made after the complete hearing process, and where additional revenue is expected to become available to cover these expenditures. The budget was adopted by the Board on June 18, 2024 and amended on February 11, 2025.

NOTES TO SCHEDULE OF CONTRIBUTIONS - IMRF

SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS USED IN THE CALCULATION OF THE 2024 CONTRIBUTION RATE*

Valuation Date

Notes

Actuarially determined contribution rates are calculated as of December 31 each year, which is 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2024 Contribution Rates:

Actuarial Cost Method

Aggregate Entry Age Normal

Amortization Method

Level Percentage of Payroll, Closed

Remaining Amortization Period

Non-taxing bodies: 10- year rolling period.

Taxing bodies (Regular, SLEP and ECO groups): 20-year closed period. Early Retirement Incentive Plan liabilities: a period up to 10 years

selected by the Employer upon adoption of ERI.

SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 14 years for most employers (five employers were financed over 15 years; one employer was financed over 16 years; two employers were financed over 17 years; one employer was financed over 20 years; three employers were financed over 23 years; four employers were financed over 24 years and one employer was financed over 25

years).

Asset Valuation Method

5-Year smoothed market: 20% corridor

Wage growth 2.75% Price Inflation 2.25%

Salary Increases 2.75% to 13.75% including inflation

Investment Rate of Return 7.25%

The state of Relation

Retirement Age Experience-based table of rates that are specific to the type of eligibility

condition. Last updated for the 2020 valuation pursuant to an

experience study of the period 2017-2019.

Mortality For non-disabled retirees, the Pub-2010, Amount-Weighted, below-

median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median imcome, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements

projected using scale MP-2020.

Other Information

Notes

There were no benefit changes during the year.

^{*}Based on Valuation Assumptions used in the December 31, 2022 actuarial valuation.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

To the Board of Trustees Joliet Township Joliet, Illinois

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Joliet Township's (Township) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Township's major federal programs for the year ended March 31, 2025. The Township's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, The Township complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended March 31, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Township and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of The Township's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Township's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Township's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Township's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding The Township's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of The Township's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of The Township's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

To the Board of Education Joliet Township

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Report of Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the Township, as of and for the year ended March 31, 2025, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements. We issued our report thereon dated November 20, 2025, which contained an unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

^{• (}M) Program was audited as a major program as defined by §200.518.

The accompanying notes are an integral part of this schedule.

Notes to Schedule of Expenditures of Federal Awards March 31, 2025

Note 1 Accounting Basis

The schedule of expenditures of federal awards includes the federal grant activity of the Joliet Township (Township), and is presented on the modified accrual basis of accounting. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), therefore some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements. The Township has elected not to use the 10 percent de minimis indirect cost rate as allowed under the uniform guidance.

Note 2 Subrecipients, Insurance, and Loans

Of the federal expenditures in the schedule, the Township did not provide any federal awards to subrecipients. The Township did not have any federal insurance in effect during the year, and did not have any federal loans or loan guarantees outstanding at the year end.

Summary of Findings and Questionable Costs <u>March 31, 2025</u>

A. SUMMARY OF AUDIT RESULTS

1. The auditor's report expresses an unqualified opinion on the modified cash basis financial statements of the Township for the year ended March 31, 2025.
